

CHRISTINA LONG

13 YEARS OLD

Christina was the all-American girl. A pretty, well-rounded young lady. She made good grades, was an altar-girl and captain of her cheerleading team.

Christina also liked chatting online and began meeting strangers from chat rooms.

On May 17, 2002, she told her aunt she was meeting a friend at a local mall.

She was actually meeting a 25-year-old man she'd met in a chat room.

Later that night, Christina was raped and murdered.
